SPIRIT OF HOSTILITIES

Big Cuban Mass Meeting Held in Jacksonville, Fla.

INCENDIARY SPEECHES MADE.

Resolutions Adopted Offering Aid and Sympathy to the Cubans in Their Effort to Free Cuba From Foreign Control—American Citizens Called on to Express Their Views of the Subject.

JACKSONVILLE, Fla., April 5.—The spirit of war rose high here last night at the big Cuban massmeeting in behalf of the Cuban cause. The meeting was held in the Metropolitan Light Infantry armory. Cubans from far and wide were there and on the stage were a number of prominent citizens of Jacksonville, while in the body of the audience were many ladies. The chief Cubans present were Bernardino Figueroa of Tampa, Dr. Fernin Saldaa Dominguez and Gonzalo De Quesada of New York, and R. J. Martinez, E. M. Delgado and J. P. Cancio of Jacksonville.

John G. Christopher, who is one of the best known business men in Florida, presided, and said that they met in the cause of freedom. He introduced Gonzalo De Quesada, secretary of the Cuban Revolutionary society of New York. Quesada lifted his audience into a state of enthusiasm.

"I do not come here to rehearse the failure of the revolution of 1895," he said. "I come to say that men of that revolution are in Cuba today with rifles in their hands. The new revolution has begun. It must end in the freedom of the island or else the belligerents and their children must go to the scaffold."

"Spain has already 32,000 soldiers in the island. Do you think the crown would send an army to overcome 150 bandits, which is declared to be all that is at the bottom of the disturbance?"

"If this struggle fails it will be the fault of you Americans, for why did you teach us the lesson of liberty. If we do not succeed your's will be the great crime of not having given succor. But Americans will not fail us. From every hand come aid. Dollars are pouring in and with these dollars rifles and bullets have been bought. American public opinion is saying 'Let Cuba in her fight have fair play; we hold the scales.'"

The speaker paused here for a moment and then said impressively: "Ladies and gentlemen, I thank you for this reception. It may be the last time I shall see you. The fortunes of my country may take me to the field. My death I may meet there, but I shall take to my country messages of encouragement and love from our friends in America."

Demonstrations of wild delight greeted Quesada's last words. This enthusiasm was increased when ex-State Superintendent of Schools A. J. Russell was introduced, and after a few words preliminary, said:

"I am greatly impressed to see so many women here tonight. Let me tell you Cubans that when God and the women of the United States are on your side hell itself can not prevail against you. But above all I ask the blessing of Almighty God on your cause. You shall ask Him to aid you, and then you should use your powder and ball."

The band played "Yankee Doodle," and the meeting sent up a cheer.

Fernandino Figueroa explained the situation in these words:

"The old mother country, after trying to secure a loan from England and France, has failed. She says she will send 100,000 men against Cuba, but Cubans know that she can not get the money to send them. She has sent General Campos, her ablest statesman, to Cuba, and when that fails what then?"

A committee of five, appointed by the chairman and composed of Americans prominent in Florida affairs, presented the following resolutions, which were adopted with great enthusiasm:

RESOLVED: That it is the sense of the American citizens here assembled:

First—That they most heartily sympathize with the Cuban patriots in their desires and efforts to free Cuba from foreign control and obtain for the people of that island the right of self government as much prized by us. They have vastly more reason for their action than had our forefathers, of whose election we are so proud, and they will persist in patriotic endeavors until Cuba is free.

Second—That it is the duty of all lovers of free American institutions to express sympathy with the oppressed people of Cuba and their desire to see them free.

Third—That we urge upon the legislature of the state of Florida the duty to formally, by resolution, express the sympathy of the whole people of Florida with the movement to free Cuba.

Fourth—That we urge upon our federal government the duty of promptly recognizing as belligerents the Cuban patriots and of doing all in its power to procure the recognition by the Spanish government of the freedom of the Island of Cuba.

Fifth—That we call upon all American citizens who sympathize with Cuban patriots to make known their sympathies, in order that their moral support may be given to a good cause.

After further speeches, marked by enthusiasm, the meeting adjourned.

LATEST FROM CUBA.

Filibustering Steamer Ran Ashore and Twenty-Two Rebels Captured.

MADRID, April 5.—A dispatch from Cuba states that a filibustering steamer was run ashore near Duabas, a short distance east of Baracoa, near the eastern extremity of the island, and 22

rebels were landed, including Generals Maceo, Crombet and Valdes. The two sailors belonging to the steamer captured by the Spaniards stated that the filibusterers had killed the captain of the vessel for refusing to land them at the place they desired.

This is the first definite announcement of the manner in which the insurgent leader Maceo, who recently sailed from Colon, effected a landing on the island.

Senor Dupuy De Lome, the newly appointed Spanish minister to the United States, left Madrid last evening with Marshal De Campos. He will accompany the marshal to Cuba and will proceed thence to Washington. The Hon. Hannis Taylor, the American minister to Spain, gave a farewell dinner to Senor Dupuy De Lome. The government has instructed the minister to act with cordiality towards and to avoid friction with the American government. He is also instructed to do his utmost to counteract filibustering and to remove unfriendly impressions of the American press in regard to Spain and the Cuban question.

REBELLION IN COLOMBIA.

Details of the Last Battle Fought on March 15.

COLON, March 21.—Special correspondence of the Associated Press.—The following are the details of the battle fought on March 15, in the department of Santander, and which, according to the official reports, is said to have terminated the rebellion in the republic of Colombia:

"MANGANQUE, March 22.—From Feb. 23, on which date our forces started from Porto Nacional, up to the 15th inst., the date on which the battle at Enciso took place, they had to march on foot and half naked, about 300 miles through the mountains, the temperature being so low that our soldiers could scarcely endure its severity. Consequently, with rifle in hand, and with thoughts of our country uppermost, many of our men breathed their last breath. Of the 3,000 soldiers who started from Porto Nacional, only 1,500 arrived at Enciso, the missing ones having abandoned their arms and ammunition. "The rebels had 2,500 men in good positions, and General Reyes, the commander of the government forces, knowing that they would shortly be reinforced by 2,000 men, determined to attack them before the reinforcements arrived. Consequently he opened fire upon the enemy at 5 a. m., on March 15, and by 7 o'clock the government troops had taken the enemy's position and immediately afterward captured the town of Enciso. The rebels started toward the mountains, and from ambush caused terrible havoc among our forces. By 3 o'clock in the afternoon, after a desperate struggle on both sides, the revolutionists were completely routed."

"Among the dead were Colonel Vieco and Regulo Garcia Herreros and the brave Captain Ordóñez, as well as about 300 soldiers, and 400 wounded. The enemy's loss was heavier, and they had a large number of wounded. General Reyes says that after the battle only 800 of his troops remained. The enemy was well armed with rifles."

"When the battle was over General Gutierrez appeared with 2,000 men, and threatened an attack on the government forces. General Reyes took up a position and awaited the onslaught, but in the meantime General Maten's forces appeared, and compelled the rebels to surrender, as communicated to me by the minister of war."

"Undoubtedly this triumph has secured the peace of the republic."

Fatal Affray.

PINEVILLE, Ky., April 5.—News has just been brought here of a fatal affray which occurred on Goose Creek, Clay county, between John Morgan, who is jailor of the county, and the two Asher brothers. Matt Asher had enlisted in the regular army, but deserted and returned to his old home. A reward for his apprehension had been offered, and Morgan undertook to make the arrest. He went to the home of Caleb Asher, where the deserter was staying, and in trying to make the arrest Morgan was attacked by the Asher men and cut so badly that he died. The Ashers had not been arrested according to the latest news.

PARIS, April 5.—Thomas O'Brien, the man who shot Waddell on March 27, admits that he is Thomas O'Brien, the bunco steerer, who was arrested in London nearly three years ago on a requisition from the United States and extradited to that country, but who afterward escaped. The examining magistrate has adjourned the inquiry until the condition of Waddell is decided. Later in the day it was announced that Reed Waddell, O'Brien's victim, was dead.

READY TO GO TO WAR

Venezuela Will Defy the Powers of Great Britain.

IT IS HER ONLY RECOURSE

Her Citizens Would Rather See Their Country Go Out of Existence Than Pass Into the Practical Control of a Foreign Power—The United States Interested in the Outcome.

WASHINGTON, April 5.—It is stated by persons in a position to speak with authority that as soon as Venezuela is convinced that Great Britain has finally decided to arbitrate or settle the boundary dispute as suggested by the United States through Ambassador Bayard, the southern republic will regretfully but resolutely resort to what she regards as her only recourse, a resort to force.

Venezuela fully recognizes the great military strength of Great Britain, but it is declared that her people are ready to see their cities desolated and laid in ashes rather than submit to what they regard as national dishonor. It is said that the contention with Great Britain is not so much one of territory as of the sentiment and honor involved. So firmly impressed have the people become with this that opinion is expressed that they would rather see their country go out of existence than pass into the practical control of a foreign power.

Little doubt is felt under these circumstances that Venezuela will forcibly assert her rights to the disputed Orinoco territory as soon as Great Britain's rejection of a settlement is definitely communicated. The territory extends about 150 miles along the coast, running back 35 miles to what is known as the Schomburgk line. Through the middle of this strip runs the Orinoco river, commanding the commerce of it to the interior of South America. Great Britain is already well entrenched there with a naval station at the mouth of the river.

The interest of the United States in the controversy has progressed steadily in recent days. It began with the friendly suggestion through Mr. Bayard and a request from congress that Great Britain submit the matter to arbitration. The United States squadron under Admiral Meade was accorded an ovation at Venezuelan ports quite recently and steps were taken to commemorate the Monroe doctrine by erecting a statue to President Monroe at the capital of Venezuela.

Within recent days Venezuela has granted large concessions of the Orinoco country to citizens of the United States. A strong hope seems to be entertained on the part of Venezuela that the United States will not stand idly by if a resort to force is made. It is understood that the position of Great Britain in declining the suggestion of the United States for the settlement of the trouble with Venezuela is substantially as follows:

First, Great Britain takes the position that the question of arbitration was once before proposed by Venezuela. At that time the foreign office gave the subject most careful consideration, and then submitted a reply embodying a proposition to arbitrate certain definite subjects of controversy. To this proposition Venezuela has never made a reply, either accepting or rejecting the proposed basis of arbitration. Under these circumstances it is not desirable to proceed to a second proposition of arbitration, when the first remains unanswered.

Second, in any event there are certain portions of territory to which Venezuela lays claim, which under no circumstances will be made the subject of arbitration as they are recognized and established portions of the British domain, and are not, therefore, a subject on which the judgment of arbitrators could be invoked.

Third, the subject matter is one between Great Britain and Venezuela so that the good offices of the United States are not regarded as essential to a settlement, as it is not understood that the United States has assumed a protectorate over Venezuela or has other interest than that of a friendly power.

FIGHTING IMMINENT.

Battle Expected in the Northern Part of the Island of Formosa.

LONDON, April 5.—The Times publishes a dispatch from Hong-Kong saying that the Chinese army in the northern part of the Island of Formosa numbers 80,000 men, of which 50,000 are splendid soldiers, who are well armed. The remainder, it is added, are raw levies, and include a great number of beggars. Fighting is said to be imminent, but the foreigners are believed to be safe.

Vigorous measures are being taken at Swatow and at Canton in order to resist the Japanese. Booms have been constructed across the Canton river and levies of men are being enlisted for military purposes.

Hostilities Being Kept Up.

PAPER PULP COMBINE.

Said That It Does Not Mean Higher Price For Paper.

BOSTON, April 5.—An immense combination, the definite form of which has not yet been determined, has been agreed upon by the leading pulp manufacturers of New England. The financial hand back of the scheme is said to be that of J. Pierpont Morgan & Company, and the capital involved is something like \$35,000,000.

A gentleman connected with one of the largest paper concerns in New England says that the consolidation will not mean an increase in the price of paper, but that the idea is simply to reduce the cost of manufacture. The proposed combination is only preliminary to the final purchase of the mills by a big syndicate. The Bangor Pulp and Paper company, Bergen Paper company of Bergen Falls and the Russell Paper company of Lawrence, Mass., are included in the scheme.

The Modern Mother.

Has found that her little ones are improved more by the pleasant laxative, Syrup of Figs, when in need of the laxative effect of a gentle remedy, than by any other, and that it is more acceptable to them. Children enjoy it and it benefits them. The true remedy, Syrup of Figs, is manufactured by the California Fig Syrup Co. only.

April.

April laughed and threw a kiss;
Then afraid it seemed amiss
Quick she dropped a shining tear,
And it straightway blossomed here;
Seeing this, she then threw more,
Crying harder then before—
A tear for every kiss she threw;
From every tear a blossom grew,
Till she, laughing, ran away,
And left her flowers all to May.

The many, who live better than others and enjoy life more, with less expenditure, by more promptly adapting the world's best products to the needs of physical being, will attest the value to health of the pure liquid laxative principles embraced in the remedy, Syrup of Figs.

Mr. M. C. Russell of the Board of Education was granted the floor to make a statement in regard to the payment of the school tax. Under the law the Treasurer of the Board is not allowed to issue any orders unless the money is on hand to pay them. It was therefore important for the City Treasurer to pay over to the Treasurer of the Board, promptly, the school tax as it is collected.

Dr. S. R. Harover presented his quarterly report as physician to the alms house. There has been no serious illness. The sanitary constitution of the house proper is very good.

The pest house and a room in rear of the alms house occupied by two old negro women are badly in need of thorough renovation. The report advised an inspection by the proper committee.

The bond of John C. Lovel as City Assessor, with R. B. Lovel, Richard Dawson and Horatio Ficklin as sureties, was presented and accepted.

The Mayor reported that John Moore was fined during the past month for selling liquor to minors, and had appealed the case to the Circuit Court.

Building permits were granted as follows:

Mrs. Kate Cullen; to remodel house on corner of Grave alley and Second street.

Mrs. Fred Williams; to erect a one-story tin roof addition to her residence, No 1021 Second street, Sixth ward.

Gable Bros.; to erect a two-story frame office on south side of West Second street.

Trustees of Scott Chapel, M. E. Church; to erect a six-room frame cottage on north side of East Fifth street.

John W. Downtain; to erect a one-story frame addition to his residence on Chester street, Sixth ward.

J. J. Klipp; to erect a one-story frame addition to house on Second street, Sixth ward.

Mrs. M. F. Martin; to erect a one-story frame addition to her residence on Forest avenue.

W. J. Jackson; to erect a one-story frame cottage on south side of Third street, Fifth ward.

A petition was presented asking that the coffee house license of Anton Pfeiffer & Co. be transferred to Samuel Burke. The matter was the subject of a lively discussion. Mr. Pfeiffer had been fined for selling liquor to minors, and some of the members of council were under the impression that he would continue as bartender.

They were decidedly opposed to granting any one a license who would allow Pfeiffer to run the business. The yeas and nays were called and the license was transferred. Vote 6 to 4.

The merchant's liquor license of Mrs. A. O'Mara was transferred to James Maher.

Scott & Mann's coffee house license was transferred to John Wells.

The ordinance authorizing the issue and sale of twenty bonds of the value of \$500 each to pay current expenses of the city was called up and passed. The bonds are to bear interest at rate of 6 per cent. and shall be sold at not less than par.

The question of extending the water mains so as to give the citizens of West Third street the benefits and protection of the water system was referred to the

Committee on Water with the Mayor added.

The question of putting down a crossing at Front and Market was referred to Internal Improvement Committee, with power to act.

C. F. Taylor was granted auctioneer's license.

Complaint was made that parties were undermining Front street, near shoe factory, in Sixth ward, and the matter was referred to the Committee on Grievances.

Bonds No. 29, 30, 31 and 32, each for \$500, were ordered issued and sold to provide funds for current expenses.

Mr. Russell made a statement concerning the fining of Joseph Kindig, of York, Pa., recently for fast driving, and on motion the fine and costs were unanimously donated to Mr. Kindig.

Mr. James W. Fitzgerald was granted the floor, and referring to the permit granted him and others last fall to erect a telephone, stated that the parties interested would not put in the line under a simple permit, but would do so if granted a franchise for a term of years. It would require \$5,000 to put in the system. The law requires such franchises to be advertised and sold, and the matter was referred to the Committee on Laws to prepare an ordinance covering the case.

A complaint in regard to dumping trash and refuse on the Pearce lot at corner of Second and Lower streets was referred to the Committee on Public Health.

Scares, like misfortunes, seldom comes singly. Our small-pox scare was accompanied by one even more exciting. A dog that had shown all the usual signs of hydrophobia was killed on Farrow's Creek, after having bitten a horse and two or three cows.

At the rate of progress being made by the advocates of free pikes to get the pikes away from present owners and in some shape to suit the tax-payers it will be a long time before it is accomplished and the present generation need not bother themselves any further about it.

During the few days of spring weather last week our enterprising citizens plowed their gardens and planted considerable seed, but when they awoke one morning this week and found plenty of ice and their garden beds frozen solid they realized that March is rather early to expect growing weather in our latitude.

Mrs. Mary Clary gave the little ones of her neighborhood quite a nice treat Saturday evening last. She had them all summoned in and then had a regular old time maple candy pulling, such a one as we used to have when sugar camps were on almost every hill side. To say that the little fellows enjoyed it would be putting it rather mildly. They were as happy as young hearts every get on this earth.

There is no mud so sticky as Lewis County mud and no stone so unfit for pikes as Lewis County freestone. Should Lewis County ever get herself into such a muddle as free-pikes would precipitate all the blame will rest on Tom Davis, since anything he advocates is taken by the ruling element of that county as law and gospel. If Tommy was to tell them that the Democrats caused these hard times they would believe it. So, Tommy, be careful how you lead this confiding people.

FIGHT WITH TRAIN ROBBERS.

"Rattlesnake Bill," a Notorious Outlaw, Shot and Killed.

WICHITA, Kan., April 5.—News was brought into Hennessey late last night by one of the posse pursuing the Rock Island train robbers of a fight between the robbers and deputy sheriffs on the Cimarron river. The pursuing party, under command of Marshal Madsen, came upon the robbers as they were hunting a crossing and immediately opened fire, killing one robber and wounding another.

The robbers were taken unawares and fired at random on their assailants, none of the shots taking effect. The robbers then took to the brush and the marshals were sent to cut off all avenues of escape. The dead man was identified as "Rattlesnake Bill," a notorious territory outlaw. His body was brought into Hennessey at 11 p. m. At first the dead man was supposed to be "Sylvia," an escaped train robber wanted for other hold-ups, but it was later learned that Sylvia was in Texas.

A Rock Island train conductor, it is said, talked with him at Fort Worth, a few hours before the train was robbed at Dover, nearly 200 miles from there.

QUARRELED ABOUT LANDS.

Two Men Dead and a Woman Badly Wounded.

PERRY, O. T., April 5.—News has just reached here of a terrible shooting affair that occurred 20 miles east of here, near Morrison, between Al Cook, Doc Bennett and Mrs. Madge Lancaster. It seems the trio were claimants for the same quarter section of land. Cook bought out the woman's interest Wednesday, and as he commenced to move into the woman's house yesterday a fight occurred.

After shooting Bennett in the head and fatally wounding him, Cook fell with a bullet in his heart from Bennett's gun. During the melee the woman received a bullet in her thigh and in defending herself with an ax cut Bennett badly. The woman may recover.

AN ENGINEER KILLED.

Caught in a Flywheel and His Life Crushed Out Instantly.

LOUISVILLE, April 5.—Joseph Willis, head engineer of the Louisville Veneer Mills company, at Campbell and Fulton streets, met his death yesterday in a terrible manner. While oiling the machinery he was caught by the flywheel that makes about 200 revolutions a minute and was dashed against the wall and ceiling of the room and his life crushed out instantly.

A peculiar fact in connection with the man's death is that Mrs. Willis told her husband in the morning before he went to work that she had a presentiment that something would happen to him. He laughed it off and went to his work, where he met his death.

Acquitted of Murder.

BALTIMORE, April 5.—William Dee was acquitted of the murder of Edward Brennan May 22 last without the jury leaving their seats. He said he and Brennan and a man named Kemp were "chasing the duck" and discussed religion. A quarrel ensued and both men jumped on Dee. He struck Brennan in the mouth with a stone, he fell and struck his head on the cobbles and later died.

Polluted the Stream.

DELAWARE, O., April 5.—The grand jury indicted M. H. Loewenstein of Cincinnati, proprietor of the Stratford paper mills here, for polluting the Olentangy river by allowing refuse of the mills to flow into it. The fish below in the river were killed, and several farmers had cattle sickened after drinking the water. He was admitted to bail in the sum of \$300.

Attempt to Wreck a Train.

BRILLION, Wis., April 5.—Unknown persons made an attempt to wreck the limited express on the Chicago and Western railway that passes through this place about 10:30 last night. The would-be wreckers piled ties and planks across the rails, and had it not been for an extra freight going south, the engineer of which saw the obstruction in time to stop, there would have been a bad wreck.

Work of a Traitor.

SAN FRANCISCO, April 5.—Customs Collector Wise has discovered the work of some traitor in his office. He learned today that someone in the customhouse has been falsifying the records therein, in order to facilitate the smuggling of Chinese into the country. No arrests have yet been made.

Used State Funds.

DENVER, April 5.—The grand jury returned an indictment against Fish Commissioner L. R. Colliott for alleged malfeasance in office. He is accused of having used state funds to pay a private obligation.

Rolling Mill Burned.

AUGUSTA, Wis., April 5.—Fire in Plummer & Finches' rolling mills last night totally destroyed the property, causing a loss of \$35,000; insurance, \$10,000.

Colored Man Crushed to Death.

LOUISVILLE, April 5.—While workmen were tearing down a wall at the jail yesterday it fell, burying Taylor Mills, colored, underneath it, crushing him to death.

What He Got.

VERNON, Ind., April 5.—Adolph Cotton, mayor of this city, while working with a buzz saw at the rake factory, accidentally got his right hand severely injured.

Aged Mason Dead.

WARREN, Ind., April 5.—William McCoy, 85, a pioneer, died yesterday. He joined the Masons at Eaton in 1832 and was considered the oldest Mason in Indiana.

BOSTON, April 5.—Tom Titt of London was knocked out by Jerry Connors in four rounds at the Castle Square Athletic club last night. The fight was very even until the knockout came. The men weighed 180 pounds.

MRS. JONAS MYALL.

One of Mayslick's Good Women Called to Her Reward—Her Death Yesterday.

Mrs. Jonas Myall, whose serious illness has been mentioned several times lately, died yesterday morning at the family residence in Mayslick.

Deceased was a daughter of the late Belville Moss of Helena, and was about fifty-five years old. She leaves no children. Deceased was a sister of Mrs. Anna Threlkeld, of this city, Mrs. John M. Walton, of Germantown, and Mr. E. K. Moss, of St. Louis. Her husband survives. A wide circle of friends will learn with regret the sad news of her death.

The funeral will occur Sunday at 11 a. m. at the Mayslick Christian Church. Burial in Mayslick cemetery.

FIRE INSURANCE.—Duley & Baldwin.

Postoffice Robbed.

SPRINGFIELD, Ill., April 5.—The Springfield postoffice was robbed of about \$8,000 Wednesday. It was altogether the neatest and most mysterious job ever put up in this city, and there is not the faintest clew to the perpetrators. The amount taken, with the exception of about \$30, was in stamps and it was abstracted from the vault in Postmaster Ridgely's private office.

Shortage Alleged.

PITTSFIELD, Ill., April 5.—For some time a shortage has been suspected in the county treasurer's office and a committee has been at work on the books. As a result J. W. Linville, deputy county treasurer, has been arrested and is now looking for bondsmen. His shortage is estimated at \$5,000.

Will Go Deeper.

RICHMOND, Ind., April 5.—The city council has appropriated \$3,500 with which to continue drilling the gas well, which is now down 1,300 feet. It has been sunk that far by individual capital, and the city takes up the work, securing a half interest in proportion to the amount of money expended.

Hanged Himself.

LAPORTE, Ind., April 5.—William Davidson, a wealthy citizen of Edwardsburg, near Elkhart, committed suicide by hanging himself. There is the absence of any known motive for the deed, and an investigation will be made.

Three Burned.

ELLENBORO, W. Va., April 5.—During the last few nights three residences in this locality have been destroyed by fire. Losses about \$3,000. Defective flues assigned as cause.
